

# Youth on the Move Program

This program will serve school-aged children and adolescents from low-income families in Nevada. These youth often face barriers to accessing educational programs, camps, extracurricular activities due to transportation challenges. We know that **Positive Childhood Experiences help to combat Adverse, or traumatic, Childhood Experiences** and this is what all of our programming is built from. Utilizing the two 54 passenger busses owned by the RennerVation Foundation, we will bridge this gap for kids in our community by helping to transport groups to events.

## OUTCOMES

**INCREASED ACCESS:** provide transportation for over 1000 youth to access educational programs, after school activities and community events

**IMPROVED ENGAGEMENT:** enhance participation in extracurricular activities and fostering a sense of belonging and community involvement

**SKILL DEVELOPMENT:** equip participants with essential life skills and experiences that promote personal and academic growth

**COMMUNITY CONNECTION:** strengthen relationships between families and community resources, enhancing overall well-being and support networks

access to  
essential  
resources

educational  
opportunities

support  
services

strengthening  
relationships

Youth on the Move is powered by the

## Sponsorships Support

providing **access to camps and activities for underserved youth**, as well as:

bus fuel  
bus maintenance  
certified drivers  
operations

When not in use, the busses will be stationed facing I-80 at Mustang RV Corral, acting as a billboard for your business even when the bus is not traveling

Tentative programs and partnerships include: Camp RennerVation, Sierra Nevada Journeys Camp, Upward Bound STEM Camp, Diabetic Association Youth Camp ensuring that busses will be visible in the community often
